

BRANDEGEE'S PAYNE KILLER.

Connecticut Senator Has
Philippine Bill Tabled.

Mr. Lodge Protests Against
Committee's Action.

McCreary Unable to Secure
Votes for Free Trade.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, March 2.—By a vote of 5 to 3, the Senate Committee on the Philippines today defeated the Payne bill, which had passed the House by a vote of 258 to 71. The action of the committee had been fore-shadowed for nearly a week, although the exact vote had not been known.

The Senators voting for the bill were Lodge, Beveridge, Long, Cushman and McCleary. The negative votes were Hale, Burrows, Dick, Nixon, Brandegee, Culberson, Dubois and Stone.

After this decisive action had been taken, Mr. McCleary moved that the bill be reported to the Senate adversely, in order to give the Senate a chance to consider it. Mr. Brandegee moved to table the motion, and this was carried by a vote of 7 to 6. Mr. Nixon voting with the minority on this proposition. This action effectively disposes of the measure, unless the chairman should appeal to the Senate by resolution.

WASHINGTON, March 2.—After Mr. Brandegee's proposal, the bill should be tabled, Mr. Lodge, the chairman, addressed the committee. He said the course proposed was unusual, and that there could be no good purpose accomplished in this preventing the Senate from considering the bill, if it desired.

The opponents of the bill made no reply. Mr. McCleary moved to report the bill favorably, but Mr. Brandegee moved to table the motion. This motion was lost, only four Senators voting in the affirmative. They were McCleary, Culberson, Cushman and Stone.

The Payne bill provides for the reduction of duty on sugar, tobacco and rice imported from the Philippines to 25 per cent. of the schedule and for absolute free trade after three years.

Mr. BARBOCK'S "TEARS." "Please, Mr. Brandegee, I am a hand-bercher!" quipped the correspondent. "Oh, I want to go to my committee room and cry over the defeat of the Philippine tariff bill," replied the House leader of the "insurgents." Mr. Barbock, who made a hard fight to defeat the Philippine bill in the House, has "tears" in his eyes after the President has talked to the members of the committee, but this is hardly probable. The President considered the bill as a "done deal" and after the President has talked to the members of the committee, but this is hardly probable. The President considered the bill as a "done deal" and after the President has talked to the members of the committee, but this is hardly probable.

WHAT THE BILL MEANS. The bill proposed to let Philippine sugar, tobacco and rice come into the United States at 25 per cent. of the Dingley rates. At present they are taxed 25 per cent. The bill proposes free trade in all other articles and removal of the entire tax on these three products after three years.

THE "INSURGENTS." In the House against the bill were led by Representative Barbock, who was confident the bill would be defeated. "Cicero Joe" Cannon brought a lot of them into line, and although up to the last moment Mr. Barbock thought he had a sufficient number of Republicans to vote with him against the bill, he discovered after roll call that about half of his "insurgents" had followed the advice of the President and the speaker. Not so in the Senate committee.

HOUSE PROCEEDINGS. PRIVATE CLAIM BILLS. (BY THE ASSOCIATED PRESS—P.M.) WASHINGTON, March 2.—Private claim bills from the Committee on Claims had the right of way in the House today. It was the order of the committee to get twenty-eight bills through. Each of these bills carries a comparatively small amount, the entire twenty-eight carrying but \$13,000.

Opposition to many of the bills was made by Mr. Mann of Illinois and Mr. Shackelford of Missouri. This opposition accounted for the small number of measures considered. The committee reporting the bills failed only in one

single instance in securing the favorable report in committee for favorable action in the House. Five bills favorably considered in the committee failed to pass the House by reason of a failure of a quorum.

The House adjourned until Monday, at 5:30 o'clock p.m.

HERMANN'S ARRANGEMENT.

TEMPORARILY DISPOSED OF.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, March 2.—In the Criminal Court today, counsel for Representative Binger Hermann of Oregon were given permission to file a demurrer to the indictment against Hermann, charging him with destroying certain official letters concerning the affairs of the United States General Land Office.

Arguments on the demurrer will be heard March 15. The action taken by Mr. Hermann today postponed his arraignment, which was set for today, until the demurrer is disposed of.

RELATIONS WITH GERMANY.

CORRESPONDENCE ON TARIFF.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, March 2.—Correspondence between the State Department and representatives of Germany as to an agreement or arrangement with reference to tariff relations between the United States and Germany was laid before the House yesterday by Mr. Payne of New York, in a report on the Sheppard resolution calling for information.

Mr. Payne addressed a letter to Secretary Root asking what action the House Committee on Ways and Means should take on the resolution. Mr. Root replied that there was no agreement with Germany other than contained in the correspondence between himself and the German Ambassador. The letter was submitted to Mr. Payne, who included it in a report to the House, that the Sheppard resolution be laid on the table, as its purpose was accomplished. This suggestion was acted upon.

A letter from Secretary Root to Mr. Payne dated February 16, gives a complete review of the demands of Germany for changes in American tariff regulations, and the concessions the United States Treasury Department is willing to make.

In response to this letter, Baron Rernburg wrote a note stating that the government fully realized the difficulties the American government had in modifying its laws, and was willing to grant reduced duties to the United States until June 30, 1937.

Secretary Root stated that the President would immediately issue the necessary proclamation assuring to Germany the reduction of duties of section 1 of the Dingley act, as he said, further:

"I am sure that there could not be a more sincere and kindly purpose or more reasonable and open-minded view than have actuated the representatives of both countries in the treatment of this subject."

FUNDS FOR PUBLIC BANKS.

SHAW WILL DEPOSIT \$100,000.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, March 2.—Secretary Shaw today announced that he would make temporary deposits in public banks amounting to \$100,000.

In his statement, he said: "In the month of February, just closed, the Treasury department looked over about \$10,000,000 of excess of expenditures and \$7,000,000 of excess of deposits of national bank circulation over and above the actual redemption. For this reason, the Secretary of the Treasury announces, this afternoon, that he will at once deposit \$10,000,000 of public funds in existing depository banks."

WASHINGTON BRIEFS.

Venezuelan's Letters of Recall.

WASHINGTON, March 2.—Schor Vales Gollies, chief of affairs of Venezuela today called on Secretary Root and presented his letters of recall.

Consular Reorganization.

WASHINGTON, March 2.—The House Committee on Foreign Affairs today decided to make a favorable report on the bill framed by Secretary Root for the reorganization of the consular service, practically as it passed the Senate. The changes made in the House bill were chiefly in the classification, abolition and creation of offices.

Against Littlefield Bill.

WASHINGTON, March 2.—The Territorial Board of Education of New Mexico and the Santa Fe Board of Education have petitioned Delegate Andrews to do all in his power to defeat the Littlefield bill.

Commission House Brokers' License.

WASHINGTON, March 2.—Secretary Shaw appeared before the House Committee on Ways and Means yesterday for the purpose of testifying in support of the commission-house brokers' license.

San Diego Quarantine Removal.

WASHINGTON, March 2.—(Exclusive Dispatch.) Representative Smith today resigned his bid for removing San Diego quarantine station before the House Committee on Public Buildings and Grounds. The committee thought it a good thing, and will report it with minor amendment at the next meeting.

Corbin in Honolulu.

WASHINGTON, Feb. 29.—Maj. Gen. Corbin, en route to San Francisco from the Philippines to take command of the northern division, with headquarters at St. Louis, arrived at Honolulu today.

Kahn Relief Bill.

WASHINGTON, March 2.—(Exclusive Dispatch.) The Kahn bill for the relief of the family of the late John Kahn was killed in the transport Meade fire was not reached in the House today.

The measure is near the top of the private calendar, however, and Mr. Kahn says it will come up next claim day.

McKinley Irrigation Bill.

WASHINGTON, March 2.—(Exclusive Dispatch.) Representative McKinley presented his bill permitting use of the Sacramento River water for irrigating 200,000 acres in California and other counties to Chairman Hepburn of the Interstate and Foreign Commerce Committee.

Mr. Hepburn finally referred the matter to a subcommittee, composed of Representative Stevens of Minnesota, Wagner of Pennsylvania and Russell of Texas, to determine whether the irrigation scheme will interfere with navigation in the Sacramento. If not, the bill will go to the Irrigation Committee, whence Mr. McKinley will see it is reported soon. He will get a hearing in a day or two.

SENATE HEARS OF INDIANS.

Railroad Companies Included
Under This Head.

La Follette and Newlands
Guard Coal Lands.

Senator Teller Criticizes the
Forest Reserve System.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, March 2.—The Senate began its session today by agreeing to the conference report on the joint resolution extending the tribal government of the Indian tribes in Indian Territory.

The bill for the settlement of the claims of the Five Civilized Tribes of Indians was then placed before the Senate. Mr. La Follette's amendment prohibiting the sale of coal lands in Indian Territory to railroad companies being the pending question. Mr. La Follette continued his speech in support of the prohibition.

He declared that the people must be able to assert their right of ownership over the transportation lines, and that they must be so controlled as to protect the general public. It had been said that if the railroad companies want to buy coal lands they will get them regardless of what Congress may do. He could not agree to that doctrine.

LA FOLLETTE'S PROTEST.

"I want," he said, "to put on record the protest of one individual against the doctrine that the railroad companies can secure the mastery of the natural products of the country as to interfere with their being fair and even-handed transporters of the products of the country. I want it put on record that this government of the United States is stronger than any of its creatures; stronger than the railroads in the aggregate, and all the centralized power represented by the lawful corporations and trusts. I would write it in the statutes that the carriers and nothing else can write it so as to make it effective."

Mr. Clapp said in reply to Mr. La Follette that the Indian Affairs committee had hesitated to accept the amendment because it dealt with the regulation of the coal lands, and he provided for in another bill before the Senate.

Stone announced his concurrence in the views of Mr. Clapp, but expressed the opinion that there should not only be no present sale of the coal lands, but further leases also should be prohibited.

DOUBTING TELLER.

Mr. Teller doubted the right of Congress to say that railroad stockholders shall not become owners of coal lands. He believed in restricting the railroads, but would proceed in an orderly and legal way, and not in a way that would create greater evils than it would eliminate.

MEASURES. Mallory, Patterson and Newlands also found legal difficulties in accepting the prohibition, but they were holders of stock in railroad companies, although professing sympathy with the purpose of the resolution.

MR. NEWLANDS'S CHARGE.

Mr. Newlands charged that the great corporations practically control all the coal lands in Pennsylvania and West Virginia, and said they were seeking to control the coal lands in Colorado, Utah, New Mexico and other States and Territories.

Mr. Teller took exception to some of his statements, declaring that there was no monopoly of the West to control their own resources. He criticized the coal lands in Pennsylvania and New Mexico, and said it was done in pursuance of the insane notion that government must hold the lands for the unborn.

These deposits will be made entirely in important centers, namely, Boston, New York, Philadelphia, Baltimore, Chicago, St. Louis and New Orleans.

The deposits will be temporary only, and the depository banks receiving them will be called upon to return the same on or about July 15. The deposits being of a temporary character, the department will accept for their

security satisfactory bonds on a basis of 50 per cent. of their value.

HILL IS PASSED.

The Senate finally passed the bill providing for the settlement of the affairs of the Five Civilized Tribes. The bill has now passed both the House and the Senate, but in the Senate amended in many respects, the bill will go into conference.

It is a general bill for the adjustment of the affairs of the Five Civilized Tribes upon their abandonment of their tribal organization. Following are the more important features: Requires the enrollment of the members of the Five Civilized Tribes by March 4, 1937; fixes the rights of the Indian land, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; transfers suits from the Indian to the United States courts; authorizes the Secretary of the Interior to assume charge of and sell tribal buildings for the benefit of the tribes; gives him control of the Indian lands, reserving and determining the present principal chiefs; Webster's Unabridged Dictionary, large size, fine paper, good print; splendidly bound; regular \$1.00 value; on sale today, third floor, book department, choice, each 59c.

SEES FIREBUGS
WING FLIGHT.Car Passenger Describes Men
Who Set Match.Crime Carries Ruin to Mill
and Lumber Yard.

Girl's Heroic Fight at Figueroa-street Blaze.

Fire of undoubted incendiary origin last night destroyed the planing mill and lumber yards of W. R. Phelps, Pico and Figueroa streets. The blaze was discovered at 3 o'clock and with it an hour property covering half a block was in flames. Besides the mill, dry kiln and other buildings, the hay and grain establishment of Clark Brothers was burned. The loss is estimated between \$100,000 and \$250,000, with light insurance, possibly \$200,000. Of the Phelps carried about \$250,000, and the Clark the rest.

The blaze was discovered by several persons at once and an alarm was turned in immediately. It was followed by a second. The department directed its attention mostly to saving nearby buildings.

The planing mill and dry kiln were filled with highly inflammable material and burned like tinder, precluding hope of saving anything aside from the cottage belonging to Mr. Phelps and the upholstering establishment of J. E. Clippert on the south side of the block on Pico street.

When the fire started it was ascertained that Clark Brothers' stables were filled with horses and many persons assisted the police and firemen in rescuing these animals.

That firebug is responsible is no doubt, yet Phelps is unable to find suspicion upon any one, as he knows of no enemy who would seek to damage him.

SAV FIREBUGS RUN.
W. H. Eaton of Avenue Forty-one declares that, while riding on a Pico Heights car, he saw someone light a fire in the rear of the planing mill.

He thought at first that boys were at play in the yard, but was startled to see flames shoot up. Immediately afterward, he says two men dashed from the rear of the sheds and ran directly in front of the car, passing within three feet of the front end, and speeding down Figueroa street.

One wore a cap, Eaton says, and the other a slouch hat. The man with a slouch hat wore blue overalls and a jumper. This man stopped for a moment when he reached the farther side of the street and looked back, as if to see how the fire was burning.

After the men tore out of the flames started in several places and the whole yard was soon in a blaze.

Phelps estimated that there was about 200 feet of lumber in the kiln, which was made of brick and corrugated iron, well scattered about the premises was 10,000 feet of lumber. There was no fire left in the mill that could have communicated with anything inflammable and when work ceased in the afternoon everything appeared safe.

GIRL'S FIGHT FOR COTTAGE.
Among those to first discover the fire was Miss Grace Phelps, the 18-year-old daughter of the owner of the mill, and she proved herself a heroine by her daring efforts to save the cottage located near by. Mr. Phelps secured a garden hose and played the stream on the roof of his house, extinguishing several flames that broke out intermittently. So great was the heat that both his hands were literally cooked. Seeing her father tortured, Miss Phelps rushed out and took the hose from him, and covering her head and hands with a shawl, for half an hour fought back the flames from the rear of the house, destined only when the firemen had driven the blaze away from the building.

Phelps suffered intense pain and a physician was summoned to administer relief.

There had been some complaining from neighbors as to the noise of the planing mill, and many have looked upon it as a menace to surrounding property.

Almost eighteen months ago Clark Brothers suffered a loss of about \$30,000 through a fire which wiped out their establishment. The cause was attributed to hay and grain. The Phelps mill was threatened then, but escaped damage.

Strangely, at no time was the upholstery and furniture factory No. 2, E. Clippert, almost in the path of the flames, in serious danger, although it could have furnished excellent food for flames.

MORE INCENDIARISM.
A deliberate attempt at incendiary was made in a barn belonging to J. R. Case in the rear of No. 112 Marchmont street. The structure was damaged about \$100. A bold investigation established beyond a doubt that the barn had been deliberately set afire, the blaze originating in the center of the building. Only the prompt arrival of the department prevented a serious fire.

STILL ANOTHER.
Another blaze of supposedly incendiary origin was discovered late last evening in a pile of shavings under a carpenter's bench in an alley back of the King Edward Hotel. Fifth and Los Angeles streets. The loss was nominal.

After returning from the fire, Roseman, N. H. Rander of the fire department, was injured at the engine-house. In backing the truck into the house it ran over his hand and caused a severe laceration. He was hurried to the Emergency Hospital. His home is at No. 719 Merchant street.

SHED TOUCHED OFF.
An alarm of fire at midnight last night called out all apparatus in the downtown district to a burning shed in the rear of the Blaine Inn on East Third street. A cursory examination readily disclosed the fact that the shed had been deliberately set afire. The blaze was extinguished with little damage. Joseph Schaeffer of Engine Company No. 3 was injured while responding to this alarm, his left ankle being crushed against an iron pillar as the hose wagon left the engine-house.

CROOK RECAPTURED.
DIAMOND NIPPER IN BUFFALO.
"Kid" Ely, confidence man and expert crook in all lines, was arrested in Buffalo yesterday at the request of the local police. Before, while working here under the name of Clifford Johnson, he was arrested for "nipping" diamonds and jumped his bail. Ely is a crook notorious for cunning and cleverness and for turning tricks.

Patrolman Shannon caught "Clifford Johnson" in the very act of nipping a diamond from the shirt-front of J. Coleman in the corridor of the Los Angeles postoffice January 26 and succeeded in handcuffing him after a desperate fight. He pleaded "not guilty" and the date for his examination was set. He had plenty of money, and by a judicious placing and use of the same he gained his point and was admitted to bail. An effort was made to get him out for \$500, but \$750 was de-

manded, and it was put up. When the case was called Johnson could not be located, and it develops that he immediately went East to his old hiding place.

It is now believed that the woman, "Stella Murray," who was arrested with Ely here, is in reality his sister, Florence Ely, whose disappearance from Evanston, Ill., with her then fourteen-year-old nephew, Frank Ely Rogers, in 1903, has never been explained. The police believe that so soon as the woman's trial here was over she, too, went East. The captain of detectives and an officer will leave for Buffalo to bring Ely here for trial so soon as extradition papers can be secured.

PATRICK TO LIVE ON.
ANOTHER REPRIEVE IN SIGHT.
[BY TELETYPE TO THE TIMES.]
NEW YORK, March 2.—[Exclusive Dispatch.] Another lease of life has been given to Albert T. Patrick by reason of the motion for a new trial which was heard by Recorder Goff this morning. He will not be taken to the death chair in Sing Sing in the seven days beginning two weeks from Monday, the time set by Gov. Higgins when he granted the last reprieve of sixty days. Even should no new trial be granted it is not likely that Patrick will be put to death for several months.

In adjourning the hearing until April 2, District Judge Jerome and Recorder Goff ordered W. K. O'Connell, Patrick's lawyer, that they would ask Gov. Higgins to grant another reprieve, and there is little doubt that request will be granted, for his fight for a new trial is not ended.

PHILOSOPHER HANGED.
MURDERED A BARTENDER.
[BY THE ASSOCIATED PRESS.—P.M.]
WALLA WALLA (Wash.) March 2.—"Kid" White was hanged at the State penitentiary at 3 o'clock this afternoon. The news that the last effort to secure a lease of life for the condemned man, convicted of the murder of Bartender Murphy in a Seattle saloon last year, reached this city about noon, and shortly afterward Warden A. F. Keen announced an hour for the execution.

White was in a philosophical mood when the news came of the failure of the last effort to save his life, he stated, would be better for both himself and the State.

CRIME BRIEFS.

Resigns Office, Confesses Shortage.
DENVER, March 2.—Charles H. Brickenstein, who resigned yesterday the office of Treasurer for Colorado county, in the southern part of Colorado, has confessed to a shortage of \$42,000. Of this amount, \$10,000 was on deposit in the defunct Alamosa Bank, but the balance is unaccounted for.

Fred Warshawer, one of the Treasurer's bondsmen, has notified the county board that he will pay the shortage for him.

Used Mails for Lottery.
BUTTE (Mont.) March 2.—A Helena special to the Miner says, H. L. Haupt of Spokane, president of the Montana Mining, Loan and Investment Company, was found guilty today of using the mails for lottery purposes. He will be sentenced Tuesday. Yesterday Daniel Jacobs, secretary of the company, pleaded guilty and was fined \$500.

RUSSIA FAILS TO
MOVE KAISER.

CANNOT EFFECT FRANCO-GERMAN ARRANGEMENT.

Believed in St. Petersburg That President is Acting in Morocco Matter, With Von Sternburg as Medium—France Has Taken All Necessary Measures for War.

[BY THE ASSOCIATED PRESS.—P.M.]
ST. PETERSBURG, March 2.—According to advices received at the chancelleries here, Russia's representations at Berlin with the view of bringing about an arrangement between Germany and France have not been effective. Nevertheless, the tension between Germany and France is regarded as somewhat lessened.

It is believed here that President Roosevelt is acting in the matter through the German Ambassador at Washington, and the impression prevails that the President might in a final urgency be asked to arbitrate.

BECOMING MORE HOPEFUL.
[BY THE ASSOCIATED PRESS.—P.M.]
ALGERIAS (Spain) March 2.—The feeling here is gradually becoming more hopeful. The project for the Moroccan State Bank as proposed by the committee contains twenty-five articles. Twenty of these have been agreed on and five have been pending.

Runners of a compromise are circulating freely, but the French delegates consider it inopportune to discuss details.

FRANCE READY FOR WAR.
[BY THE ASSOCIATED PRESS.—A.M.]
PARIS, March 2.—In the Chamber of Deputies today War Minister Etienne said: "Our strongholds are in good condition. The charge of defensive supplies are untroubled. All the necessary measures have been taken. The decree establishing the Council of National Defense is now in the hands of the President, and the prime minister has already been chosen. He is an officer of ability and possesses the full confidence of the army."

The Journal published the result of an investigation made by its correspondents along the German frontier. The paper says the Germans do not desire war, but the German army is ready and its superior mobilization plans permit a rapid invasion of French territory. The Journal counsels the abandonment of French reliance on fortifications and the adoption of the German plan—a rapid invasion of the enemy's territory.

ARRESTED FOR EMBEZZLEMENT.
CHICAGO, March 2.—Samuel O. Wallace, president of the Union Forge and Foundry Company of Vandergrift, Pa., is under arrest here on the charge of having embezzled more than \$20,000 belonging to the firm. A charge of conspiracy against Wallace is also made, and three other men are named as indicted along with Wallace by the grand jury of Westernland county are being sought. Wallace admitted his identity, but declined to discuss his case.

DAVIS WINS FIGHT.
SAN DIEGO, March 2.—[Exclusive Dispatch.] Terry Davis of Salt Lake City won in the tenth round against Tommy West of San Francisco. It was to have been a twenty-round fight, but the National Athletic Club here tonight. It was practically a knockout, as a swift right on the jaw had left Tommy on the canvas and before he had taken the full count, his seconds picked him up and placed him in his chair, although he was not all in. He had put up a "stiff fight" against Davis, who weighed in a dozen pounds heavier.

The mill was for the bantamweight championship of the Coast. Tommy Burns, the heavyweight champion of the world, was present and received an ovation.

The "Grays"
Men's Suits
"Ready and Right"

Settle the question of fit by getting inside a Silverwood suit.

The mirror's a better salesman than we.

Then, with your confidence established, see the broad range of patterns.

No tablefuls of each pattern. Not here. Just a size assortment of each. But what hosts of patterns! Take the grays. Ever see such nobby cloth?

Plain grays, light, medium, dark. Gray checks, big or small. Gray flannels. Gray novelties.

And within these limits you can suit your purse, \$15 to \$40.

Planning to Shut Out Gould.
SAN FRANCISCO, March 2.—Activity on the part of a large force of workmen at Clinton Station, on the line of the Southern Pacific local train in East Oakland, has developed the fact that at this point a new move has been made by that company's agents to block the proposed entrance of the competing Gould line into Oakland. The building of a mass of switching tracks and continual presence of lines of unused freight and flat cars at the junction of the Seventh and First-street lines is given as evidence that a shut-out is planned against the crossing of the Western Pacific at this particular point.

"Another Story" on McCormick.
CHICAGO, March 2.—[Exclusive Dispatch.] It is said here that Jack McCormick, the veteran prize fighter, has been engaged as trainer for players on the National League ball team, and is now actively preparing for the beginning of his work, which will come in about a week. McCormick will travel with the team, and will be on the ball field in uniform, prepared to take care of any player injured in the game.

Denver Prohibits Fights.
DENVER (Colo.) March 2.—Orders were given today by the Denver fire and police board to Chief of Police Delaney to prohibit all boxing and glove contests in this city in the future.

FLORENCITA PARK

A magnificently improved residential park, 10 minutes from Sixth and Main streets, on the famous Long Beach line. Not a barren "tract," but an ideal home spot with all desirable improvements.

Fifty Lots "Special"

Tomorrow we will sell 50 lots on the easiest terms ever introduced in connection with high-class property. The first 50 buyers may each secure a lot for \$50 down—the balance in 10 monthly payments. The prices of lots range from \$550 upwards.

Fifty Dollars Down

There'll be "things doing" at Florencita Park tomorrow. Are YOU going to be one of the lucky buyers. Think of buying where there are broad handsome drives, cement curbs and walks, thousands of ornamental trees and shrubs, Mission gates, fire protection system, independent water supply, beautiful homes, etc.—on such ridiculously LOW TERMS!

\$10 Per Month

Twenty thousand dollars worth of fine homes are being completed. You don't have to "pioneer" to live at Florencita Park. The "community" is established. We'll build a home to suit you—or you may buy one of our handsome cottages for \$300 cash—the balance on the easiest of terms.

Free Excursions Tomorrow

Free round-trip tickets to the park may be procured at our offices tomorrow morning from 10:30 to 12:00. Better get around early. There'll be a rush, and YOU don't want to get left. Can you afford to overlook this great home-buying chance? Can you afford to side track opportunity?

PARIS ENTHUSIAST FOR GERMAN

[BY DIRECT WIRE TO THE TIMES.]
PARIS, March 2.—The French capital is in a state of enthusiasm for the declaration of Minister of War Etienne that if war with Germany comes it will find France amply prepared. In the streets, clubs and cafes the Minister's declaration is almost the sole topic of conversation.

Back of all this military enthusiasm, however, which is chiefly confined to the younger classes, is the conservative opinion of older men, whose memories go back to the time of 1870 and the German invasion under Von Moltke. When that the declaration of the Minister of War is being made, as in 1870, that France is relying on her fortifications and system of defense, the German army, with its superior activity, marched triumphantly into Paris.

[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, March 2.—[Exclusive Dispatch.] The Santa Fe Central, which was involved in the failure of the Enterprise National Bank of Allegheny, Pa., and the resultant action of the cashier of that institution, is to pass into the hands of Chicago and Eastern capitalists, who will extend the road to make it an important factor in southwestern development.

Negotiations with the stockholders being conducted by Tallmadge Bros. of Chicago, and C. I. Tallmadge is now in Pittsburgh to close a deal for the purchase of the railroad property. The promoters intend to merge the Santa Fe Central with the Santa Fe Gulf and Northwestern, now under construction between Canon City and Fort Worth, Tex., and to build a line from Fort Worth, Tex., to Roswell, N. M., tapping the Pecos Valley coal fields.

KANSAS ROAD'S OIL RATE.
EFFECTS CONSIDERED.
[BY DIRECT WIRE TO THE TIMES.]
TOPEKA (Kan.) March 2.—[Exclusive Dispatch.] Fear that their action in the capture of the Re-Republican convention by the anti-railroad party has led to a more stringent law has made the railroad operating lines in this State reconsider the order they made a few weeks ago to increase the freight rate on oil 50 per cent.

W. R. Smith of the Santa Fe said the order would be reconsidered, but that the railroad would ask the Legislature to raise the price on oil freight. It could be shown that the railroads are a confiscatory. As it is said that the 50-per-cent. increase would ruin the ruin of the independent refiners.

STREET CAR PLANT MERGER.
BLOCKED BY INDEPENDENCE.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, March 2.—[Exclusive Dispatch.] It was officially announced

ITCHING PAINFUL SORES ON HANDS

Suffered for a Long Time Without Relief—Had Three Doctors and Derived No Benefit—One Doctor Was Afraid to Touch Them—Soreness Disappeared and Hands Now Smooth After Application of CUTICURA SOAP AND CUTICURA OINTMENT

"For a long time I suffered with sores on the hands which were itching, painful, and disagreeable. I had three doctors and derived no benefit from any of them. One doctor said he was afraid to touch my hands, and another said I never could be cured; and the third said the sores were caused by the dipping of my hands in water. I was in the dye-house where I work, and I saw in the papers about the wonderful cures of the Cuticura Remedies and procured some of the Cuticura Soap and Cuticura Ointment. In three days after the application of the Cuticura Ointment my hands began to peel and were better. The sores disappeared, and they are now smooth and clean, and I am still working in the dye-house."

"I strongly recommend Cuticura Soap and Cuticura Ointment to anyone with sore hands, and I hope this letter will be of some benefit to other sufferers. Very truly yours, Mrs. A. E. Maurer, 2340 State St., Chicago, Ill., July 1, 1903."

MOTHERS! MOTHERS!

To know that a warm bath with Cuticura, the great Skin Cure, is purest and sweetest of emollients, to afford instant relief and refreshing sleep to skin-tortured babies, and rest to tired and worn-out mothers.

And throughout the world, Cuticura, the great Skin Cure, is the most popular and sweetest of emollients, to afford instant relief and refreshing sleep to skin-tortured babies, and rest to tired and worn-out mothers.

And throughout the world, Cuticura, the great Skin Cure, is the most popular and sweetest of emollients, to afford instant relief and refreshing sleep to skin-tortured babies, and rest to tired and worn-out mothers.

DOLAN GOING TO CONVENTION.

Will Attend Despite Mitchell's Objection.

Agreement on Concession is Denied by Operators.

Anthracite Demands Known by the Coal Roads.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH, March 2.—[Exclusive Dispatch.] Patrick Dolan will attend the miners' national convention March 15, and he will go as a regular elected delegate. Local unions in the Irwin field and also in the Pittsburgh district will elect both Dolan and Vice-President Urah Bellingham to represent them on the convention floor, irrespective of what President Mitchell and other national officers say.

Nominations for officers of District No. 5, United Mine Workers, closed last night. The names of all candidates to be voted for at the special election March 14 are now in the hands of Secretary Dodd. Dolan's name appears among those suggested for the presidency, but he refused to take any part in the election and declares he will continue to be the head of the organization, be the result what it may. Vice-President Bellingham and several members of the district board have taken the same stand and assert that they will not retire from office if defeated.

It is not likely that anything further will be done until after the present election, when the miners will ask the courts to remove the present officers. The district officers claim that the new election is illegal and was ordered with a view of removing Dolan as the official head of the district.

Bellingham declared this afternoon that there would be no strike in the bituminous field. He said he had unquestioned authority for stating that nearly all the bit operators have agreed to pay the miners the 5 cents per ton they demand.

AGREEMENT DENIED.

On the heels of Billingham's statement came one from Francis L. Robinson, chairman of the operators' Executive Committee, declaring that the operators had reached no agreement on the matter of a concession.

It is reported tonight that at the Indianapolis convention the miners will submit a new proposition to the operators and this report is credited by the miners themselves. The latter also express themselves a confident of an advance in wage, and say that if there is to be any strike it will be scattered through mines and plants held by independent interests that will not consent to the agreement reached.

With a coal strike threatening, Allegheny came to the rescue with a mine right in the heart of the city. It was discovered today by workmen who are excavating for a Twelfth Ward school building. They struck a three-foot vein and a shaft was sunk and had started to build the foundation on it when Superintendent Ellsworth Murphy of the Allegheny Bureau of Building Inspection ordered that the coal be taken out first.

The contractors then began digging out the coal and they are selling it at \$1 per ton. It is estimated that the vein contains over 5000 tons.

NEW YORK, March 2.—W. H. Truesdale, president of the Delaware, Lackawanna and Western Railroad, and David Wilcox, president of the Delaware and Hudson company, announced today that they have received copies of the demands formulated by the anthracite miners' committee of seven.

MUST INTERFERE WITH TYPOTHETES.

NEW YORK, March 2.—[Exclusive Dispatch.] Judge Blanchard in the Supreme Court today granted an injunction restraining officers and members of Typographical Union No. 6 from interfering with the Typothetes. Judge Blanchard's order enjoins officers and members of the "Big Six" from inducing or coercing by any species of intimidation, threats, force or fraud any employee of the Typothetes or any of its members to quit the employment of the Typothetes. It is returnable March 1.

DRUNK ON "PANACEAS."

Arizona Indians Said to Produce a "Jag" by Drinking Patent Medicines.

For some time past the Indians from the San Carlos agency employed on government work at the Roosevelt dam have been causing serious trouble. From all reports conditions among the Indians at Roosevelt are getting worse. Though there are no reports in the place, the Indians are getting drunk on patent medicines, which they can purchase at several of the stores as well as to have brought to them.

WORST STORM OF WINTER IS RAGING.

Iowa, Kansas, Nebraska, Wyoming and Colorado Experience Blizzards, Stalled Trains and Demoralized Wire Service.

(BY THE ASSOCIATED PRESS—A.M.)

WICHITA (Kan.) March 2.—The worst storm of the season began here at 9 o'clock this morning. The temperature is 9 below the freezing point, and a stiff wind prevails. Telegraphic communication with the Southwest is impaired.

BODY FROZEN IN ICE.

DES MOINES (Iowa) March 2.—A body frozen in the ice near Harvey last night was identified today as that of George W. Chapman, an Emmetsburg merchant, who disappeared from his home on December 19. The body was clinging to a cake of ice when discovered. Chapman is believed to have been murdered.

STRONG WIND DRIFTS SNOW.

KANSAS CITY (Mo.) March 2.—A severe blizzard raged today in Western Kansas, extending from Ellis, a point 230 miles west of Kansas City, into Colorado. Although the weather was not very cold, a strong wind drifted the snow and played havoc with telegraph and telephone wires. No serious delay to railway traffic was reported, however.

WORST STORM OF WINTER.

LINCOLN (Nebr.) March 2.—Dispatches from Alliance, Norfolk and other western and northern points in Nebraska say the worst storm of the winter has been raging for twenty-four hours. At Alliance, the conditions are growing worse and wire facilities are demoralized in the western part of the state. Northwestern Nebraska is feeling the first real blizzard of the year.

A local passenger and a freight train were in collision on the Union Pacific Railroad near North Platte, the engineers being unable to see ahead of the trains on account of the snow. The engineers Reynolds and Garman and Fireman Finn and Brown were badly hurt.

WALSH IS ARRESTED FOR FALSE ENTRIES.

(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, March 2.—John R. Walsh, president of the defunct Chicago National Bank, which closed its doors December 18, 1906, was today taken into custody on a Federal warrant which charges him with violation of the national banking laws in making false returns to the Comptroller of the Currency.

Walsh was taken into custody at the Chicago National Bank, which closed its doors December 18, 1906, was today taken into custody on a Federal warrant which charges him with violation of the national banking laws in making false returns to the Comptroller of the Currency.

Care of the Body—Farming in California—The House Beautiful—Practical Ethics—Gardening in California—The City Beautiful—Good Short Stories—Etc. Beautiful Illustrations.

NEWSPAPER AND MAGAZINE—ONLY FIVE CENTS.

Advises from Wyoming say that stock suffered in that State. Heavy snow fell in the mountains, in some places three feet on the level, causing plenty of water for irrigation.

Rock Island and Pacific passenger trains which should have arrived last night were stalled all night on the prairies by snowdrifts. A wrecking train was sent out this morning by the Union Pacific. Some of its cars are reported to have left the rails, due to the solid packing of the snow. The mountain roads experienced very little trouble.

Another section of the complaint alleges that Walsh had in his possession funds and money of the bank amounting to \$3,000,000, with intent to injure and defraud the bank. The \$3,000,000 mentioned in this section of the complaint is, however, identical with the amount specified as being loaned to officers of the bank.

It is further alleged that John R. Walsh, John M. Smythe and William persons too numerous to mention, unlawfully misappropriated this money by converting it to the personal and private use of John R. Walsh without any proper authority whatever.

The arrest of Walsh came as the direct result of the last examination of the books of the Chicago National Bank, made by Special Bank Examiner Arthur L. Curry, sent to Chicago from Washington.

Profit Follows Times "Liners."

One can't help being struck by these small, classified ads which tell a diversified story of the money-making activity in the Southwest. Every reader of the Times will find in them something, somewhere, that will be sure to discover an opportunity to make money. There's a fortune in them if watched closely and constantly.

Hotel Dal Monte.

Your California trip will not be complete unless you plan to stop at this famous resort. Your way to San Francisco City office is 2 S. Spring street.

Men Call Today

If you are in search of a permanent cure for Varicocele, Weakness, Stricture or any Contracted Disorder, exercise ordinary business intelligence and learn what physician has achieved the greatest success in restoring men to vigor and robust health.

My treatment is thoroughly reliable and is not in common use—it is not only CURES, but it gives prompt relief. Direct treatment is the only way to speedy and permanent cures. All Pelvic Diseases, Inherited, Contracted or Blood Diseases, Wasting Weakness, Atrophy, Prostatic Trouble, Rectal and Kidney Diseases, and Hydrocele are cured to stay cured.

ENGLISH COIN FOR BULLFROG.

BRITISH SYNDICATE TAKING UP PROPERTIES AT BEATTY.

Prof. Bailey Becomes Manager of Mines for Eastern Capital—Col. Ewing Invites Mining Men and All Friends to Witness Starting of His New Mill at Vivian.

An English syndicate, said to be backed by capital in London, has purchased the Standard group of four miles east of Beatty, adjoining the Beatty Mountain Mining Company's property. The vein is said to average twenty-five feet in width and to contain 1000, value running from a penny to 50 cents.

The vein is in the Beatty district, in the east side of Santa Fe valley, near the ranch nine miles northeast of Beatty. The first of these was owned by Blair and Murphy and the second by H. B. Burtch and C. Blair, former partners in the Beatty district.

The syndicate is represented by the Britishers at the mines.

Prof. Bailey has also taken bonds for five or six other properties around Beatty. Two groups, one of fifteen and the other of seven miles, are located on the east side of Santa Fe valley, near the ranch nine miles northeast of Beatty.

The first of these was owned by Blair and Murphy and the second by H. B. Burtch and C. Blair, former partners in the Beatty district.

The syndicate is represented by the Britishers at the mines.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Heavy Postal Receipts.

Receipts of the Los Angeles Post-office for February amounted to \$64,447.75, February, 1934, \$64,957.75, increase \$510.00, or .8 per cent.

Main-street Sale.

Charles D. Morgan has purchased of F. O. Johnson, through the agency of E. E. White & Co., the premises known as No. 1414 South Main street, for \$17,000. The lot is 43.5x145 to a 30-foot alley.

Drummer's Hard Luck.

Bernard Weinstein, a commercial drummer living in this city, yesterday filed a voluntary petition in bankruptcy, asking to be relieved of troublesome debts to the amount of \$443.70. He acknowledges to \$75 worth of personal property, which is exempt from execution.

Murphy Meeting.

J. O. Murphy will preside at the Francis Murphy meeting at the El Comodoro Hotel Sunday night. "Forgiveness" will be the subject. Annie Row, Mrs. Mannum and Mrs. Wallace Harwood will sing and Miss Marion Brown will render violin selections.

Academy of Sciences.

The Academy of Sciences will meet Monday evening. An illustrated lecture on "Norway" will be given by Dr. H. Baumgardt, who will speak from his personal knowledge of the country. Scenes of Norwegian scenery and of historic interest will be shown upon the screen. All meetings of the academy are public and a cordial invitation is extended.

Growing Pineapples.

The Chamber of Commerce yesterday received direct from Hawaii two handsome pineapples, growing in tubs, to which they had been transplanted from the field. They are from the plantation of H. O. Clark, formerly of Pasadena, and were sent by D. Wood, secretary of the Hawaiian Promotion Committee at Honolulu. Mr. Wood was formerly a resident of San Francisco and a Hospital for Prisoners.

Henry Wilson, a prisoner serving a six-months sentence as a "vag" in the City Jail, was taken to the County Hospital yesterday, seriously ill with pneumonia. Wilson is a man of education and evidently comes of a good family, despite the fact that the police found him rooming with two burglars. He has been acting as chief clerk of Stationary Engineers' Banquet.

Members of the Stationary Engineers' Association of Los Angeles and the ladies auxiliary, were banqueted last night at No. 213 South Main street. Before the feast an interesting entertainment was given. W. P. Stevens and W. P. W. Curi were in charge of the affair, and the ladies were the honored guests. About 150 enjoyed the social evening. Mrs. C. Herrick served the supper.

Car Victim's Name Long.
Mr. Haynes, who was killed by a Pacific electric car on Monday afternoon, while attempting to cross Aliso street, near the Mair & Zobeles Brewery, was a well-known character of Rivera. He was a bachelor or widower, and had lived in that neighborhood many years ago. It is said he owned property of considerable value there. His full name, as given by the Great Register of Los Angeles county, was Joseph Green Henry Haynes Cassius Brutus Cross Haynes. In the Downey and Rivera country he had been known for many years as "Alphabet" Haynes.

Sample's Body Held.
Rev. Edward H. Emmett, who is holding a series of revival meetings in the East Los Angeles Baptist Church, has come forward as a friend of the family of William Sample, the man who committed suicide several days ago. Mr. Emmett says that he knew the Sample well at Algonquin, Canada, and that they are excellent people of considerable means, and at his instigation the body will be held until he can hear from telegrams sent to the dead man's brother. He said that Sample was a man of good parts, and the only solution he can suggest is that he had become addicted to the use of morphine and took the dose recklessly. Many empty capsules and other things were found about his luggage that indicated this to be the case.

TOY DOG SHOW.
PITTSBURGH, (Pa.) March 1.—[Exclusive Dispatch.] The date of the "toy dog" show, to be held at Hotel Schenley, has been changed to April 5. Already a number of entries have been received. Several Mexican hairless dogs have been entered by Mrs. Nellie Grant Sutoris and the Countess of Yarmouth, now visiting in this country, will exhibit her valuable Pomeranians. The Countess is at Dunelm with the Countess at present. Among the dogs that are to be shown from other cities are several owned by Miss Beattie Johnson, daughter of Mayor Tom L. Johnson of Cleveland. Miss Beattie Lauglin, fiancée of Rev. Dr. Maitland Alexander, will also be among the exhibitors.

SEEK BAPTIST JOINT MEETING.
NEW YORK, March 2.—At a meeting of the Baptist Union last night resolutions were adopted authorizing the president, Frank H. Field, to appoint a committee to confer with the American Baptist Missionary Union, the American Baptist Home Mission Society and the Baptist Publication Society in an effort to induce these societies to hold their next joint meeting in New York, in this city. The last such meeting was held here in 1932.

HAZARDOUS PASSAGE ENDED.
BOSTON, March 2.—One of the most hazardous passages ever made by the Canadian liner Saxonia, across the Atlantic, ended today when the steamer arrived here, twenty-four hours late. She was covered with ice and had lost her wireless apparatus. For more than ten hours, February 22, she was helpless, in a gale and snowstorm and on account of disabled engines. After repairs had been made the storm abated and the vessel had good weather until February 23, when she ran into another gale, which further retarded her progress.

UNDIVERGED TELEGRAMS.
There are undelivered telegrams at the office of the Postal Telegraph Company for Miss Mary Bradley, Ben H. Johnson, V. Hugo Smith, J. H. Browne, Dr. C. F. McClintock, J. E. Skinner, Mrs. E. C. Carlisle, Mrs. E. J. Kibbey, Mrs. Archie Sherman Clay and Mrs. Amelia Fieldner.

SOUTHERN CALIFORNIA LODGE.
No. 23, P. and A. M., will convene at Masonic Temple, Saturday, March 3, at 2 o'clock. P. M. will conduct the funeral of our late brother Elias Blanchard.

Profit Follows Times "Liners."
One can't help being interested in these small, classified ads which tell a diversified story of commercial activity and the fast-growing profits and advantage. Look them over. You'll be sure to discover an opportunity to make money. There's a fortune in them if watched closely and constantly.

BREVITIES.

Gold, copper and silver mines are plentiful, but a precious gem mine is a rarity. The Mesa Grande Tourmaline and Gem Mines, which the Southwestern Securities Company is financing, are located in San Diego county, and if you have money to invest, apply at 502 N. W. Hollister Bldg. for full particulars. Arrangements can be made for a trip to the mines without expense.

Chas. Levy & Son, 448 S. Spring, announce the completion of their newly-renovated establishment and the arrival of their new spring wools for spring season of 1934. Opening Saturday, March 3, 1934, day and evening. Your inspection is cordially invited.

Come today to the big shoe sale. Thousands of pairs of shoes of all descriptions will go on the bargain tables today. Kinds to suit all people and prices at about half. The sale will last all day today at Mammoth Shoe House, 519 S. Broadway.

The San Francisco office of the Los Angeles Times is in room 41, Chronicle building, Telephone Main 1473. Subscriptions and advertisements taken. Visitors will find copies of the Times on files, and are welcome to call and read them.

330 Mexico City and returns. Select party, special car leaves Los Angeles March 6, returning via Grand Canyon. Travelers' Club, 144 S. Broadway, at once Mexican Central Railway, office 207 West Third st.

Chas. Levy & Son, 448 S. Spring, announce the completion of their newly-renovated establishment and the arrival of their new spring wools for spring season of 1934. Opening Saturday, March 3, 1934, day and evening. Your inspection is cordially invited.

Petitions for the Fourth-street tunnel can be found at the store of Z. S. Farmhouse Co., 224 S. Spring at 2nd, at the tailor shop of Geo. Goulson, 244 S. Figueroa. All interested are urged to request a sign at once.

Bishop Conaty will officiate at Sunday evening vespers in St. Thomas's church, West Pine street. He will preach and administer the Papal Benediction to the congregation after the sermon.

There are undelivered telegrams at the office of the Western Union for E. A. Leavitt, George R. Davis, C. H. Piersdorf, Mrs. J. P. Kerr, William C. Doak, Mrs. C. E. Wain, William Denton and P. P. Brakeman.

Spier, ladies' hatter and importer of millinery, is not connected with any other millinery house in this city. Our establishment is located cor. Third and Hill st.

1330 gold-filled glasses, \$1; warranted 10 years. Few days only. Dr. A. M. Garfield, eyeglass specialist, room 420, Bryson Block, corner Second and Spring.

If people could only realize how restful Dr. Logan's special ground glasses are they would not use cheap glasses. Expert fitting, 463 S. Broadway.

Carbon pictures at cost prices today and evening. The McClellan-Kane Co., 111 Winston st., below Main, between Fourth and Fifth.

Get your optical work at the Fifth street store, optical department. Satisfaction guaranteed. Low prices, best goods.

PUT MONEY IN THY PURSE
Read! Reflect! Act!

What suburb of Los Angeles is Forging Ahead With Strides That Must Surely Eclipse Even Hollywood's Proud Record?
THERE IS BUT ONE ANSWER—

TROPICO
There is no suburb of Los Angeles that has grown so fast in population and values as Hollywood. Tropic has everything that Hollywood had five years ago, and more, with a certainty that what it took Hollywood five years to accomplish.

Hollywood
Hollywood's population in 1930 was 590. Today it is 2000.
Assessed valuation in 1931, \$1,414,995.
Assessed valuation in 1932, \$2,129,590.
Increase in one year, 50.3 per cent.
Hollywood is thirty minutes' ride from Los Angeles.

Real estate values have trebled and quadrupled during the past four years.
Value of improvements for the year 1934-5, \$1,500,000.
Hollywood has three banks, a Board of Trade, a fine hotel, and many superb residences.

TROPICO
Tropico possesses more natural advantages than Hollywood.
It is located in the beautiful San Fernando Valley and reached by the scenic electric route.

Only 15 Minutes Ride
Superb views of mountain and valley, unequalled elsewhere.
Fertile loamy soil, that will grow anything.
Pure mountain water.
Its reality is being eagerly sought by investors who know what Hollywood has done and what Tropico can do, and by people of means and good taste who are seeking an ideal spot for homes.

Buy Lots in BORTHICK'S SUBDIVISION
And you will make greater profits than any other similar investment can bring you. This tract is on beautiful, broad Boulevard, and Glendale Avenue, in the center of Tropico, and is the BEST TRACT ON THE MARKET—BAR NONE.

COSTLY SNUB FOR HOSPITAL.
Miser George Heberle Cuts Off His Bequest.
Worth Quarter-Million, but Died in a Shack.
Fortune Scattered Among His Poor Relations.

George Heberle, the Norwalk recluse who intended to endow the German Hospital on Boyle Heights with \$50,000, but who revoked this bequest because he was snubbed at a meeting of the hospital promoters which he attended, was buried yesterday in Rosedale Cemetery.

Heberle was one of the eccentric characters of Los Angeles county—an old resident, a wealthy man, owning both city property and country acreage of great value, yet living the life almost of a hermit and existing on a pittance. He leaves fully \$50,000 in cash; a property valued at \$100,000; and a large estate in the great Hamburg Department Store—and valued at \$50,000; and his own home place of forty acres, set to vineyard, besides other property.

After only three days of illness, but these days of excruciating pain, Heberle has passed away, and his fortune is scattered among his poor relations. The German Hospital does not get a red cent of it.

Heberle was 75 years of age, and a native of Bavaria. Just when he came to America is not known here, but it seems he first settled in Napier county, and resided there for several years. He made considerable money in grape culture.

Twenty-eight years ago, Heberle came from Napier to Los Angeles county, and bought land at Norwalk. This he set to grapes, and the property had many odd notions about his living arrangements. It is said that Heberle complained many times that dinner cooked by his wife and family always made him sick; and he had a horror of bread as it is baked by the American system.

He had his own little "shack," and there he lived, and he prepared his own meals. He never had a light in his house after dark, and he seemed afraid it would attract some evil-disposed person who might rob or murder him.

His wants were few and inexpensive. He had the means to have lived in luxury at the Lankershim or the Alexandria, but an outlay of probably \$500 a year was sufficient for all his desires.

All the time, however, his property was increasing in value; and the money he had accumulated brought him such interest that it made him happy for old George.

Ever in his old age he was vigorous and hearty; and when the price of grapes broke, it was almost a total collapse. The first of the week neighbors discovered that he was very ill.

He was taken to the German Hospital, and endured the most intense agony. It was hoped that an operation would be performed, but the operation was postponed until Monday because the operation was attempted.

When the will of this eccentric old man was opened and read, it was found that Joseph Messner of this city and John Swickert, who for several years has been a general practitioner at Norwalk, were selected as the executors.

Heberle had left all his property to various members of his family. His brother, Jacob Heberle, who lived at Garden Grove, is to have the income from a fund of \$10,000 during his lifetime, to be paid quarterly. A niece, Mrs. Rickhoff of Boyle Heights is to receive \$500, and her daughter is to receive \$500, to be used for her education, and other advantages to be given by the giver. A brother residing in Ohio is to get the Spring-street property, eventually.

This property has a 44-foot frontage on North Spring street, and lies between the Phillips Block and the Ponet Block. It is a three-story building, and extends through the High street a distance of 220 feet. It is included in the property used by the People's Store, and was formerly a part of the Jacob Bumiller estate. Heberle had secured this property through a trade of a forty-acre vineyard tract at Norwalk, about twenty years ago.

This property is to be held in trust by the executors for a period of five years after the death of Heberle, and then to revert to his brother, Jacob.

All the residue of the Heberle property is to go to a sister, Mrs. Anna Maria Simcoe, who lives at Norwalk. The funeral services, held yesterday forenoon at the chapel of Breese Bros., were attended by several members of the Norwalk community. The officiating clergyman was Rev. Mr. Reed of Norwalk.

BURDETTE TICKLES 'EM.
Immense Audience Gives Him Fond Greeting and Hears Lecture for Spring Festival Fund.

The sunny Rev. Robert J. Burdette was never in his long career greeted by a sunnier and more enthusiastic audience than he was yesterday when he looked up at him and down at him from the chairs of Simpson Auditorium last night. The big house was literally full-up and happy, from the top gallery to the bald-head row. The speaker could not be otherwise than in the finest spirits, for he noticeably felt the compliment of such a greeting from his home people, and he greeted the lecture by reading off a lot of juicy jokes at his own expense that convulsed the throng with laughter.

D. L. Durand, chairman of the executive committee for the Spring Festival of song, in the interest of which Mr. Burdette lectured last night, explained the plans for the festival which will be held on April 27 and 28, under the direction of George C. Fuller and L. H. Meredith of New York.

Rev. E. P. Ryland, president of the Church Federation, pledged the interest of that organization to the support of the committee and invited the cooperation of all the people of the city. He then introduced the speaker, and Mr. Burdette was received with genuine pleasure as he looked up and down and bowed his appreciation.

It was the old yet ever new lecture on "The Rise and Fall of the Mustache," delivered for the three thousandth time, but the off-hearer of the lecture found the story of life from childhood to the grave, punctuated with a host of fresh yarns, new sallies of wit and wise aphorisms, that made it

indeed a new and appetizing feast that maketh the heart light and the senses to tingle with recollections of youth. Burdette never told the story better than he did last night, and never received the acknowledgments of a better pleased or more enthusiastic audience.

FAIRIES FAVOR FAIR SENORITA.
STRANGER IN STRANGE LAND MEETS GOOD FORTUNE.
Beautiful Spanish Girl, Lured from City of Mexico by Man's Glib Tongue, Finds Him, but Young Woman's Christian Association Extends Her Assistance.

A beautiful Spanish girl, Josephine Zamora, lured from her home in the City of Mexico by one Kennedy, who claimed Los Angeles as his abiding place, arrived in the city a few days ago, alone and unprotected and unable to speak a word of English. She made her way to the office of D. Gaylord in the Union Trust Building, where Kennedy had told her he could be found, only to learn that he had left the city on a three month's trip.

Kennedy, it develops, is a mining man who is rather prone to become interested in a purely philanthropic and irresponsible way. It is said, in whom ever may happen to catch his fancy. A short time ago he visited the City of Mexico, where he met Miss Zamora. Becoming interested in the pretty señorita, he urged her to come to Los Angeles, assuring her that he could secure a remunerative position for her here.

The Zamoras are a high-class Spanish family and opposed the scheme, but, after Kennedy's departure Miss Josephine, who does not disclose her age, but looks about 18, took matters in her own hands, borrowed \$350 and made her way to this city.

When she appeared in the Gaylord office, where Kennedy occasionally drops in when in town, no one there was able to comprehend the Spanish language of the girl. The stenographer, Miss Justine Ottory, took her to the Y.W.C.A., where an interpreter was employed, and she told her story. Miss Zamora was taken to the Mexican Consul, who advised her to remain in the care of the Y.W.C.A. until he could communicate with her people.

While at the lunch table in the association rooms the pretty girl chanced to sit beside one of the students in Spanish, who conversed with her in her mother's tongue. She was well educated in music and fine needlework, but made it evident that she was not accustomed to the idea of turning her talent to practical use, when this was suggested by Miss Chappel, the Y.W.C.A. secretary.

The girl was turned over to the Mexican Consul. She is reluctant to return to her home, but has earned the \$250, borrowed in good faith of friends there, but her dream of easy money in the land of the Americas has been badly disappointed.

JOY COMES TO GIRL IN JAIL.
HEARS FROM MOTHER SHE HAD LEFT WHEN A BABE.
Imprisoned as a "Vag," Maria Mendosa Meets Texas Visitor Who Listens to Her Story and Puts Her in Touch With Parent Who Had Bought Child for Many Years.

When pretty Maria Mendosa, aged 18, was led weeping from the Police Court to the women's department of the City Jail, three months ago, she did not realize that it would be taken from her mother from whom she was taken when but nine months old.

This is what happened, however. Maria received a letter yesterday from the mother for whom she long has searched. The girl's arrest, in a roundabout way, brought to her the greatest joy of her life.

Maria had not long been in the care of the police matron before the kind treatment touched the girl's heart. To Matron Gilbert she told a part of her life story. When she was but a baby, she was taken from her mother and adopted into another family. This was the only home she knew until she was nearly grown. Then her foster mother became cruel to her, and taunted Maria with the fact that she was an adopted child.

That was three years ago. Since then Maria has been hunting, as best she could, for her own mother. The girl learned she could hardly open it. Texas and other things regarding her life. Leaving the home of her foster mother, the girl became somewhat wayward, and through this circumstance was thrown into jail.

While attending to the duties that had been assigned to her in the jail, the girl met a visitor, who, upon hearing Maria's story, recalled the fact she had heard of a mother in Texas who was seeking a child she had lost years ago. A letter thereupon was written to Mrs. Lopez Gonzalez, telling her of Maria.

The girl hardly could wait for an answer, and yesterday when a letter was handed her she could hardly open it. She could not at first see the writing, so dimmed were her eyes by the tears which streamed down her face. When she read the loving message which asked her to go to her own mother, it was the first letter she had ever received from her parent, and the joy it brought completely overcame the girl.

Mrs. Gonzalez offered to pay Maria's way out of jail, but the girl was given a month's more to serve unless she is pardoned. Mrs. Gonzalez also sent information in the letter which removes any doubt as to the fact that Maria is her daughter.

BRYSON'S CONDITION IMPROVING.
The condition of aged John Bryson, who became critically ill a few days ago, continues to improve. Yesterday he was pronounced practically out of danger, though much enfeebled.

Puts Ingram at Head of the Southern Pacific.
Toys Also With Other Names of Prominence.

Through the mysterious channels by which railroad men generally have the faculty of knowing things frequently before they are made public, there are persistent rumors of changes disruptive in at least three distinct railway headquarters in Los Angeles.

The "wise" ones of the Amalgamated Order for the Protection of All Deserving Railway Men have come together and framed up a slate, which the prophet cheerfully predicts will be carried through to a finish with but minor corrections.

The schedule of changes thus outlined is surprising enough, but has gained a more or less general credence among local railway men. The present slate is developed from a number of names to do not only with the Southern Pacific and the Pacific Electric, but also with the Los Angeles Electric, and promulgated in the form of a circular, might read much as follows:

THE RUMOR SLATE.
R. H. Ingram to be general manager of the Southern Pacific, with headquarters at San Francisco; vice, E. J. Calvin, resigned to accept the management of the Oregon Short Line, vice W. H. Bancroft, vice-president and general manager, retiring to private life.

But at this juncture the nominating committee, which has to this point been unanimous in its action, and has been in a report on a new division superintendent to succeed Mr. Ingram, resigned to accept the management of leaving it to Col. Randolph as arbitrator to bring up a good man from Tucson, while the minority agrees to be satisfied with the present one, Mr. Harriman, general manager of the Pacific Electric, to H. V. Platt, superintendent of the Southern Pacific at Los Angeles.

As to who to put in place of Mr. Schindler of the Pacific Electric, there is even greater trouble. One of the committee on Promotion, etc., for it immediately runs up against the up-and-down of division superintendent, and looks very much as though, instead of fixing upon a local man, as the committee is earnestly endeavoring to do, it would be compelled to go outside and pick up a man who has not as yet mixed in the routine of either side.

DENIAL, SPECULATED.
Not satisfied with the announcement of the intention of G. A. Parkyn to resign from the assistant general freight agency of the Southern Pacific, the committee on Promotion, etc., has endeavored to bring up a local man, and the committee has stated him for a high position with the Los Angeles Electric, and denies in so doing that it is any wise influenced by the Harriman interests. In this general and sweeping charge is the air, ranging from chief clerks to division superintendents, and the wise ones are unhesitating in declaring that they are far more than ready to be used to go outside and pick up a man who has not as yet mixed in the routine of either side.

Suffice it to say that of all the changes arranged by the Committee for Promotion, etc., there is none in the way of consummation to make several official heads rest uneasily in the matter.

MEANWHILE, and as may be suspected, the objects of the tender care of the committee strenuously deny any and all knowledge of anything of the kind, utterly decline to have better jobs given them without their knowledge or consent, and without consultation in the matter.

TAIL WAGS THE CANINE.
Move for Incorporation Dismissed Past That Little Corner of Compton Is Official Town.

The ancient problem of the tail wagging the dog will be tackled by the town of Compton.

A seething populace consisting of five persons will be respectfully petitioned to "annex" a huddling, bang-up town with banks, stores, supply houses, two doctors and a church with a steeple.

By an eccentricity of law, the aching wilderness inhabited by the five people is officially the town and the eyes of the law, the hustling town is the country.

The annexation of the busy town of Compton to this colony of five separated people is not a joke, but a reality. The Compton Improvement Society has already undertaken the first preliminary to such a movement.

Somewhat like fifteen years ago, the whole town was incorporated, and then a row over the liquor question, one portion of the territory withdrew from the boundaries of the place, they would not agree to be a part of a community where liquor was sold. Then another part of the town followed suit. Finally the main business street drifted out, too, with the banks and the stores and all the business.

The town was this one little corner on the outskirts of the village. As only five people lived there they didn't take interest enough in the matter to incorporate with the other parts of the town.

All the old troubles having long since blown over, some of the townspeople moved themselves over the idea of re-incorporating the town. Then they discovered that they could not incorporate because there is already a town of Compton—the five persons aforementioned.

The improvement society has decided to make a test case and find out from the Supreme Court just what they ought to do about it.

CAR HITS CYCLIST.
When riding his bicycle yesterday morning, L. E. Price crashed in front of a northbound Main-street car near Seventh and Main streets and was struck by the car. Price was thrown violently to the pavement and the truck missed his head by only a couple of inches. He suffered several deep lacerations of the head. The injured man was taken into a drug store, where his wounds were dressed, after which he was able to go unattended to his home at No. 138 West Forty-first street.

"LUCKY'S" LUCK STICKS.
Baldwin, Dearest in Debt of Any California Man, Cashes in to a Quarter-Million Tune.

Few business men in the State of California have ever tempted fate by going so deeply in debt to develop property as E. J. Baldwin. His money obligations have probably at times exceeded a million dollars. But he has always been able to meet his obligations and not let a sheriff sell him out.

From present appearances "Lucky" Baldwin was never luckier than he is at this time. The increase in value in Los Angeles county real estate is better than a mine. Baldwin has been what is called "land poor" in times past. Today he is land rich. For a year or two he has been selling his enormous possessions freely in parcels of greater or less magnitude. He has just made a "big killing" in the sale of part of Santa Anita rancho. Service Brothers report having sold for E. J. Baldwin, to Clifford Atter, and others 1250 acres adjoining the city of Arcadia and extending easterly to Monrovia. The price reported paid is \$250,000.

The new buyers have cut the tract into ten and twenty acre plots and place it on the market. Plenty of water will be developed. The land lies close to the electric trolley line. The price paid for the land in a lump figure was \$250 per acre. The water piped to each parcel the price will not be likely to be below \$500 an acre.

MEXICO SEEKS EXPLANATION.
DECLARES JUSTICE DENIED SUBJECT IN VENTURA.

Agents of Southern Republic to Visit District Attorney of That County to Investigate Allegation That Father of Assaulted Child Was Given No Satisfaction.

Two agents of the Mexican government will leave Los Angeles Monday morning to demand an explanation from the District Attorney of Ventura county. A complaint has been made to the Mexican consulate here that justice had been refused the father of a little Mexican child who was assaulted in Ventura. Political "pull" is alleged.

If the demand of the Mexican Consul should be followed by the departure of a fleet of warships up the Los Angeles River the people of Ventura will immediately erect a barricade of beans.

The Mexican Vice-Consul, Señor Lozano, has employed Walter Horgan, who speaks the Spanish language, to represent the government in this matter. Accompanying him to Ventura will be Señor A. V. El Toro, a special agent and detective. They will call upon Dist. Atty. D. A. Shibley and ask him for an explanation of his refusal to issue a complaint in the case of Angela Villegas.

It is not to be construed as a belated move on the part of the Mexican Vice-Consul. An appeal has simply been made by the family of Angela Villegas and he feels bound to investigate it.

Angela Villegas is a child of 14 years. It is claimed that she was subjected to assault by Antonio Morea, in whose veins the blood of Yaqui Indians is said to flow.

When reported to the District Attorney, he declined to issue a complaint, saying there were no witnesses to the truth of the child's story and that it would be useless to go through with the trial.

Friends of the child's family are firm in the belief, however, that it was political pull. They claim that one of the county officers is the comrade or godfather of one of the Moreas.

What complicates the story is that Antonio Morea has married since the assault and cannot make the customary reparation.

At any rate, Dist. Atty. Shibley will be expected to buckle on his ceremonial sword and be prepared to "show Mexico" next Monday morning.

BEAUTIFUL PAINTINGS.
California Club Recipient of Two Splendid Canvases by Local Artists of Note.

In recognition of courtesies received at the hands of the California Club, a number of ladies yesterday presented the club with a splendid oil painting by Wachtel, the subject being a typical California one.

The canvas is about 4x5 feet, and represents a scene in the San Gabriel Valley. Footpaths and cloud effect in the background; a broad expanse of rocky wash in the foreground, cleft from northwest to southeast by the dry bed of a creek; with almost no trace of foliage, this might be said not to be the most inspiring subject for a master work of art to carry.

As one stands and looks at the picture the eye seems to glow with the natural light of the California sky, and the whole is so natural that one readily imagines himself standing in the midst of the familiar spot, done up in his vacation togs and ready for a tramp.

The picture is of great value, and has just returned from the museum where it was on exhibition and where it is said to have been a prize winner. Another fine painting by J. Bond Francisco has also just come to the same club, as a gift from the late J. S. Slauson, having been provided for prior to his death.

The picture is entitled "Matilija," and represents a mountain glowing in the setting sun, the gleam of light coming up from behind a foreground of mountain peak and glen, almost hidden in the dusk of the falling day. The picture is treated in a masterly and well-known strong way, and it is a splendid work of art of which the club is justly proud.

Incidentally, it may be said with true simile, that a subject more suitable to represent the strong and rugged life of the donor could not have been selected. The canvas is in the proportion of 4x5 feet, and is shown under an electric light.

CANADIAN SOCIETY.
With the promise of interesting social affairs for the future, a Canadian Society was formed last night at Symphony Hall, with about thirty-eight charter members. The organization will be known as the Sons and Daughters of the Maritime Provinces of Canada, and all Canadians in the city hailing from any of the coast provinces are eligible for membership. The following officers were elected: G. A. Whitman, president; Aubrey Davidson, vice-president; J. A. Bell, recording secretary; M. L. Campbell, financial secretary; R. M. McCabe, treasurer. All the officers are former residents of Nova Scotia.

FOWL MURDER STIRS DOWNEY.
Vengeful Jap Stabs Innocents to the Heart.
More Than Six Hundred Young Lives Forfeit.
Ikada Fato Then Settles Score at Cut Rate.

Shades of the slaughtered innocents! The snug little town of Downey has just suffered a wholesale murdering which is bound to be a nine days' wonder.

Yesterday morning 600 young lives were taken with malice aforethought, and with deliberate intent. These murders were committed right in the heart of Downey town, and one Ikada Fato, a hard-ripped, harder-bearded Japanese youth did the horrible deed.

As a result, the stern arm of the law soon encircled Fato.

This is how it all happened: Ikada Fato, a Japanese, his adamant-ed countenance, has a burning ambition to learn English. To that end he sought a place where he might be "one of the family."

It happened that Poultry Raiser Jerome, who has his fowl yards on the principal street of Downey, needed a boy to assist in the chicken-raising work. The combination of learning English and tending incubator looked good to Fato.

HIS A MOTHER'S CARE.
As a result, the Jap was installed to watch over three incubators. Each of these was loaded with the choicest of eggs—some having come from a great distance, out of famous poultry yards, and worth almost their weight in gold.

There were chicken eggs, duck eggs and goose eggs. All were fertile, and with steam heat for a step-mother the little chicks grew and grew in the shell. This morning they were all due to "come off." Some of them had actually reached the stage of "pipping." Yesterday morning some difficulty arose between the family of Fancier Jerome and Ikada Fato. Just how it came about no one seems able to recall. It is supposed that the Jap, who wanted to master the English language, took some common remark which he could not understand as a deadly insult aimed at himself.

Anyway, there was a Jap in high state of offense. He vowed a great vow that no longer would he turn up the lamps and fill the water heaters for a single, dad-blamed egg that owned to the name of Jerome.

In other words, he announced in his best selected English that he "no more an employed in this house," and made his plans to leave.

WANTON SLAUGHTER.
Something in the Jap's acts led Mrs. Jerome to make investigations. She discovered, to her deep consternation, that Fato had gone to the three incubators, and had thrust a long needle through every egg that was hatched, so that the entire 600 little ones, within a day of their emancipation from the egg, lay stabbed to the heart by the Jap, who that erstwhile had cherished them.

Fancier Jerome is said to be a man of stern temper. That he was without receiving a sound thrashing is the wonder of the neighborhood. However, with a short time the Downey trial will see Fato in the clink, and he is claimed to have been damaged fully \$75 worth.

When Ikada saw that he was up against an ugly proposition, he was posthaste for some of his "cousins" at Clearwater, and they soon arrived to act as arbiters. At first Jerome was for having the Jap punished to the full extent for malicious mischief. Later he decided to take \$25 for his damages, and drop the matter; and yesterday afternoon Fato returned to Los Angeles.

His lessons in English will be continued with some other family. He is not a success as a poultry grower.

FOR OUR INDIANS.
Bishop Johnson Calls Sequoia League in Special Session to Consider Relief for Aborigines.

At a special meeting of the Sequoia League, called last night by Bishop Joseph H. Johnson at the parish house of St. Paul's Pro-Cathedral, the matter of the impoverished San Diego Indians was considered, and steps will be taken for their immediate relief.

Under the direction of a committee appointed, a set of resolutions will be forwarded to President Roosevelt at once, recommending that lands be allowed the Indians, and that they have water facilities, and the general welfare of the Indians be considered. At present there is considerable land, in some cases, but little of it is arable, and some is absolutely unproductive.

Charles F. Lummis, Judge Allen, A. B. Case and Mr. Mitchell, and in all probability will be joined in action by the Los Angeles Chamber of Commerce, and the San Diego chamber as well.

Although the gathering was small last evening, it represented the foremost activities of the community, as before Bishop Johnson was seated a representative body, including among others Henry C. Dillon, A. B. Case, James L. Lummis, Judge Allen, A. B. Case and Mr. Mitchell, and in all probability will be joined in action by the Los Angeles Chamber of Commerce, and the San Diego chamber as well.

Other matters were discussed, including the marketing of Indian products. Indian baskets seem to find black sales when they do not get to the market in Manila. Two years ago the combined efforts of Bishop Johnson and others it is probable that these goods will soon be started on the right track.

MAJ. RAY OF U.S.A. HERE.
Maj. R. B. Ray, U.S.A. of the Department of the Lakes with headquarters in Chicago, arrived in Los Angeles yesterday from Coronado Beach, where he has been spending several weeks with his wife. Maj. Ray is en route to Chicago, speaking of the mobilization of troops now under way in the Philippines. Maj. Ray said that the near future will see the mobilization carried on in a greater scale. He said he has not been ordered home, but he understood that to a certain extent the leaves of absence of almost all officers had been curtailed, and orders issued to report at headquarters as soon as practicable. Maj. Ray was as usual in Manila two years and spent some time in China and Japan, and is well versed in conditions which he set up to the present anti-foreign agitation.

SATURDAY, MARCH 3, 1906.

SLASHING TIME IN AUTO RACES.

Fast Records Are Made at
First Day of Meet.

Motorcycle and Stock Cars
Claim High Honor.

Small Machines Make Re-
markable Showing.

Two records are said to have gone by the board in the first day of the automobile races at Agricultural Park yesterday. The absence of authorities, however, precluded a definite announcement. There was a good attendance.

In the motorcycle race, C. W. Bladen made the second mile in 1:11 2-5, announced on the track as a new world's record for road machines with one cylinder. The world's record for a motorcycle is 1:06 2-5, made last year at the Charles River Park, and the fastest mile in competition is 1:06 1-5, made at the same place and time. These machines were racers, however. All the motors in yesterday's race were roadsters having only one and three-fourths horse power.

In the open event for stock cars, the third race of the day, two miles were turned off in better than record time for two-cylinder cars. Shettler's Reo made the second mile in 1:18 2-5 and the third in 1:09 4-5. The record for two-cylinder stock cars was claimed last year by the Ford with 1:12 1-5, and since then no other better record has been made to the knowledge of the officials.

The feature of the day was the expert best showing of the smaller cars. They all made consistent and very fast time. The best mile of the day went to Whistling Billy, an expected out of the white slimmer divided honors in this

Reuss in the back stretch and came in first. The time was 1:22 2-5. In the Australian pursuit race, the Franklin was at the finish, the Napier at the one-third mile and the Ford at the two-thirds. The starting strain was too much for the Franklin's chain, which snapped and left it out of the race. The Ford had to go two-thirds of a mile to catch the Napier, but it finally did, after going seven and a half miles. The catch was made in spectacular fashion in a fine spurt down the back stretch.

THE MOTORCYCLES. The three-mile for "motorcycles" brought out eight riders, who were sent away in very good shape from a standing start. George C. F. Hull fell at the finish of the first turn, running his front wheel into the step of another machine that swerved out at the turn. He turned over several times, but was not hurt. The men who had the outside fared the best in the race. E. W. Hoag, who drew seventh place, led at the end of the first lap, closely pressed by C. W. Bladen, who started in the outside position. Bladen took the lead on the second lap, making the mile in 1:11 2-5. The three leaders drew away from the rest on the last lap, and crossed close together in the following

The Stewart-Garbutt Grayhound, winner of yesterday's last race, and the auto crowd at the track.

report with the Stewart-Garbutt car, as only four to ten feet separated the two for the first four miles, and it was impossible to catch even a split second in the difference of time. The third mile produced the lowest mark, 1:21 2-5.

The prettiest race of all was the sixth, between the two big flyers. It was up and tuck all the way of the two rounds, and would have been a wonderful finish had not both cars been to the lead in the back stretch of the last lap.

THE RACES IN DETAIL. The one mile, for cars not costing more than \$100, brought out four starters, and they were sent off with a rolling start. The Franklin had the pole, with the Reo next, the Premier in third place and the Ford on the outside. The Reo jumped forward at the start and took the pole from the Franklin, but the clutch was too heavily oiled and the engine began to race. Hanshaw dove up and saved his engine for the last race, coming in last.

Dan Campbell on the Ford came across from his outside place and took the lead from the rest at the three-quarter mile mark. He was never headed the rest of the way, and won in 1:17 2-5. The Premier, with George Bradbeer driving, followed the Ford and got the inside from Hamlin on the Franklin, finishing a close second. The Franklin was third.

The second race, for cars not costing more than \$250, showed five starters that lined up with the Napier at the pole, then in order the Reo, Premier, Ford and Franklin. They got off well and stayed together until the quarter point, where the Reo got the lead, followed closely by the Ford. In the back stretch the Reo annexed the pole, and at the end of the first lap the two cars were one behind the other on the inside, with a fair gap between them and the rest. The two leaders stayed in this position for the rest of the race, the Reo winning in 1:04 1-5, followed over the line by the Ford in 1:05 3-5. The Premier was third all the way. The Napier finished the first lap last, but overtook the Franklin in the second round, and was fourth the rest of the time. Hamlin did not seem to be able to get much out of the Franklin, and he dropped out at the fourth lap.

FIVE-MILE OPEN. Two cars, the Napier and Hook's Ap- preon, scratched their entries in the third race, which was the five-mile open. The Ford went in to fill the deficiency. The Reo had the pole, with the Premier, Ford and Franklin in the order named. The start was standing. Hamlin never lost the inside track, and showed the excellent time of 6:35 2-5. The second lap the Ford following the Reo all the way, crossing the finish in 1:13 2-5. Hamlin's Franklin again dove out on the fourth round. The Premier was third all the way, taking 6:38 1-5 for the five miles. The second and third miles of this race broke the record for two-cylinder cars.

Just by way of diversion, Harry Olive on the Standard-Dayton and Billy Reuss with his new Oldsmobile ran a mile with impressive ease to show what the cars could do and settle some private arguments. The Standard had the outside, and while trying to pass the Oldsmobile, Olive pulled out and Reuss finished in 1:12 1-5. Such a race was unsatisfactory, and they ran it over. This time Olive and the pole away from

SPORTS HURT BY LONG SHOT.

ENTRE VOUS AT FEARFUL PRICE
WINS EASY RACE.

Number of Lucky Bettors Cashed Big Tickets Off Small Investment of Few Dollars—Favorites Could Not Get in Front and All Proved to be Big False Alarms.

For the second time in the history of Ascot Park a 100-to-1 shot won a race, and yesterday's card will always be remembered for this very circumstance. If for nothing else, as might have been expected a number of pickers were there with the tickets on this fearful long shot, one sport in particular who soaked as if he had come in from San Gabriel, cashed about \$815 off the winner. He played the best 25 each way in George Rose's book and there was quite a crowd of wondering bettors

SERGEANT ALBERT BARTELL.

wordman, who is eager to meet Maj. McGuire in battle under any conditions.

ful also ran. Phyz and Little Buttercup scratched. Six furlongs: Sunray, 101 (Rose), 7 to 5, won; Cabin, 104 (Miller), even, second; Rubicon, 88 (Preston), 4 to 1, third; time 1:47 1-2. Stomach also ran. Marshal Ney scratched. Four and one-half furlongs: Entre Vous, 167 (Harris), 100 to 1, won; Joan of Arc, 168 (Kent), 2 to 1, second; Capt. Jarrell, 103 (Powell), 40 to 1, third; time 2:55 1-2. Jack Gilroy, Emily M. Marie Esher, Alonzo, Lady's Beauty, Indiana and Arcadia Belle also ran. Wapnagoots, Cotaneous and Ponomah scratched. Five furlongs: Josie's Jewel, 90 (Preston), 15 to 1, won; Golden Buck, 105 (Powell), 7 to 2, second; St. Winifred, 165 (Clark), 40 to 1, third; time 1:14. Starling, Mary Glenn, Evelyn Griffin, Little B. Hilona and Dollie Weithoff also ran. Moser Moss, Line of Life and Studebaker scratched.

'FRISCO'S FIGHT GAME.

TENNY'S DEATH NO BAR.

(BY DIRECT WRITING TO THE TIMES.) SAN FRANCISCO, March 2.—(Exclusive Dispatch.) Those concerned in the Neil-Tenny fight appeared in the Police Court this morning, and were arraigned after what the cases were set for March 20. City Chemist Bothe this morning announced that it will be impossible for him to complete his analysis and render a report in the matter of examining the stomach of Harry Tenny until Monday of next week, or maybe Tuesday, and the coroner's inquest will not be held until the chemist's report is ready.

It is very improbable that the death of Tenny will interfere with future pugilistic contests in this city. The supervisors, who have expressed themselves on the subject, declare that they are not ready to interfere with prospective fights. The result of the boy's death probably will be that the law will be more rigidly adhered to, and referees will be instructed to stop brutal fights before there is any danger of either contestant suffering serious injury.

GATHERING THE "STRAW."

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, March 2.—Three theories have been advanced in explanation of the death of Harry Tenny, better known as "Tenny," the prize fighter who died in a quiet avenue bath-house yesterday, nine hours after a grueling battle with Frankie Neil. The dead boy's relatives have been present, and his trainers think he died of epilepsy, and Autogen Kuchek declares that death was due to a hemorrhage of the brain, the direct result of a blow or fall. Which of these theories is correct will require time to determine.

Four of the fighters appeared before Police Judge Canby this morning on the manslaughter charge which has been made against them. Frankie Neil, "Spider" Kelly and John Frayne, through some misunderstanding, did not appear. The hearing of the case was set for March 20. The date of the coroner's inquest, has not yet been fixed.

Mark Shaughnessy, who has been the manager and trainer of Tenny, and who was present when he died, describing the little fighter's last moments, gives many of the symptoms of strychnine poisoning.

McCormick signs with Chicago. CHICAGO, March 2.—Jack McCormick, ex-prizefighter who once defeated "Kid McCoy," has signed as a member of the Chicago National League team. He will also have an active part in the training of the team.

LEVY NOW INVADES THIS FIGHT FIELD.

ALL DOUBTS as to the plans of Morris Levy to invade the southern fight field, were set at rest yesterday when Joe Gans, he of the dark skin and self-confessed dark record, accompanied by Willie Fitzgerald, also having something of a reputation as a Gans, slipped quietly into the city from San Francisco and started on a still hunt for training quarters, where Gans will prepare himself to meet Tim Mike Sullivan March 15 for the welterweight championship.

All day yesterday Tom McCarey and his friends were groping around trying to ascertain what the next move will be on the part of Levy, who they claim represents what is termed the San Francisco fighting trust. The announcement that Gans had arrived was evidence that Levy was but to make good his assertion that he would be a factor in the local field, and would buck the Pacific Athletic Club.

So careful have the plans of the San Francisco people been made that none but those on the inside of the inner circle has been able to follow them. Several rumors have been circulated as to the location of the new club house, some alleging that Agricultural Pleats or Chutes Park would be the scene of the battle, and that a few changes would be made in order that seating facilities could be improved. Not even Tom McCarey could tell where Levy will pitch his tent, and everyone is guessing as to the final outcome of the invasion. McCarey has many sympathizers among the fans, who allege that there

GHIRARDELLI'S COCOA

Ghirardelli's Cocoa is just cocoa beans ground to powder fineness so that you can get all the nutriment and flavor of the oily cocoa beans.

Ghirardelli's process retains the color of the beans themselves as well as their true flavor. Light colored cocoas lack strength and nutrition and do not have the true cocoa color or flavor. Imported cocoas are stale and tasteless compared with Ghirardelli's. Ghirardelli's Cocoa is pure, wholesome and fresh—made in San Francisco and sold to you soon after it is made.

To date." Mrs. Brown gave most interesting slide lights on this topic from the standpoint of the artist. Other subjects of interest were "Lincoln's Birthplace," given by Mrs. Calhoun; "Martha Washington," by Mrs. Paul, and "Experiments in Photography," by Mrs. Alexander. Mrs. Brown examined the club with general recitations of a patriotic nature, and Mr. McDowell gave a piano solo. The new programme will club with the leadership of Miss Stannah. The club will meet March 6, at the home of Dr. Brown, No. 121 North Third street.

—

Press Club.

The Woman's Press Club will elect at its next meeting in the Chamber of Commerce committee-room on the 14th inst. At the last meeting the original story contest was the theme of interest. "In Re Man vs. Warden," by Rose L. Ellerbe, won first honors, the pathetic little southern story by Mrs. Adina Mitchell being a close second. The scene of Miss Amanda Mathews' story was laid at San Pedro, and the scene of the abundant harvest of the recent story of Miss Matthews', published in Pearson's magazine, has its scene laid in the streets of San Francisco during the fortunes of two young people. Mrs. Dora Oliphant, coach story, dealt with church gossip.

STRONG DEMAND FOR JUST RATES.

FRUIT GROWERS SAY RAILROADS MUST BE CONTROLLED.

Resolutions in Which Recent Decision of Supreme Court is Sharply Criticized and Ultimate Government Ownership of Transportation Lines Predicted.

The California Fruit Growers' Exchange expressed yesterday in no uncertain terms its feelings with reference to the recent decision of the United States Supreme Court, which gave to the railroads absolute control over all shipments. The exchange represents the growers, who ship more than 500,000 cases of citrus fruit annually and pay on those shipments and for refrigeration more than \$4,000,000. The first meeting of the board of directors of the exchange since the decision was made was held yesterday and the resolution was fully discussed. The following resolution was finally adopted: "Resolved, that it will be sent to Washington and to other cities, where, it is expected, it may do some good: That the decision of the Supreme Court of the United States, rendered on February 28, 1906, in the citrus fruit case, is a gross injustice to the growers and a gross violation of the principles of justice and equity, and that the exchange will continue to fight for the repeal of the act and for the establishment of a division of freight between the railroads and the growers."

The exchange also expressed its regret that the decision of the Supreme Court, which was rendered on February 28, 1906, in the citrus fruit case, is a gross injustice to the growers and a gross violation of the principles of justice and equity, and that the exchange will continue to fight for the repeal of the act and for the establishment of a division of freight between the railroads and the growers.

The exchange also expressed its regret that the decision of the Supreme Court, which was rendered on February 28, 1906, in the citrus fruit case, is a gross injustice to the growers and a gross violation of the principles of justice and equity, and that the exchange will continue to fight for the repeal of the act and for the establishment of a division of freight between the railroads and the growers.

The exchange also expressed its regret that the decision of the Supreme Court, which was rendered on February 28, 1906, in the citrus fruit case, is a gross injustice to the growers and a gross violation of the principles of justice and equity, and that the exchange will continue to fight for the repeal of the act and for the establishment of a division of freight between the railroads and the growers.

REACHING OUT TO DEEP WATER.

WILMINGTON SEEKS QUICK REALIZATION OF HOPES.

No indication of an Early Agreement Upon Plans for Improving Upper Part of Harbor, and Citizens of Old Town Propose to Obtain Quick Shipping Facilities.

There appears to be no probability that the plan for the improvement of the upper part of Wilmington Harbor will be agreed upon by the owners and citizens of shore and tide lands, and approved by Federal authority, in time to make a move toward securing an appropriation for the dredging work during the present session of Congress. The original plan of the government engineers did not suit the land owners, and the compromise project did not meet with the approval of the harbor board, and at present there is no plan for that part of the work. The work being done by the government is confined to that portion of the inner harbor, between Mormon Island, concerning which there is no disagreement. The Polhemus dredger is working in the harbor material at the harbor entrance, and the government machine is working up toward the turning basin. It is estimated that the total amount of dredging necessary to secure a depth of twenty-four feet within the lines fixed by the War Department, including the turning basin, will be something more than 2,000,000 cubic yards. Since last March the government machine has handled about 750,000 yards, and prior to that the contractors had removed something more than 250,000 yards. The Polhemus dredger has taken out 2,270 yards of the 100,000 to be removed at the entrance, and will complete that part of the work well within the contract time, which expires next December.

More than a third of the work has been done, and it is probable that two years more will see it finished. There is money enough remaining from the appropriation of March, 1905, to last until the end of the fiscal year, and it is expected that \$100,000 will be appropriated in the Sundry Civil Bill to carry the work along, as the last River and Harbor Bill authorized continuing contracts to the amount of \$100,000 in excess of the \$100,000 then appropriated. If the complications which have hung up all plans for the upper harbor were straightened out, development of the commercial possibilities of San Pedro Harbor could be hastened, but the government has no control over the matter in dispute, and will not proceed with the work beyond the turning basin until the parties in interest come to an agreement and present a satisfactory plan. In the meantime, the town of Wilmington proposes to secure access to deep water by deepening the crooked channel through the tide lands from the turning basin to her wharf frontage, and a meeting of the citizens of Wilmington will be held today to decide upon ways and means of carrying out that enterprise.

"NICE GIRLS, DOING WELL."

SAWDY MESSAGE FROM MINING HELL BOUNDS ALARM.

Female Vampire Writes for More Clean Virgin Blood, and the Letter, Intercepted, is Helping the Federal Authorities to Save Unsuspecting Young Women.

The Federal authorities have taken a hand in the ugly business which has been carried on here for a long time of enticing girls to the various mining camps in lives of shame, and yesterday the first gun was fired when Robert Whitman was arrested by Police Sergeant Craig on a warrant from United States Attorney Lawler's office, charging improper use of the mails. Whitman has been working his game in Los Angeles for some time, and lived at No. 223 South Spring street. The complaint also mentions Mrs. Fay Levy of Randsburg, who runs the place where the girls procured by Whitman have been sent and are staying. A letter from Mrs. Levy to her agent here fell into the hands of the authorities, and in some respects it is a rather unusual epistle. The woman said she needed another girl right away, and that if several could be caught, now that business was growing, they could be used in her place to advantage in the near future. She then gave Whitman on the back for the work he already had done, saying that "Grace" and "Adeline" are both "nice girls, doing well," and "perfectly satisfactory."

Whitman was arraigned in the Federal Court yesterday afternoon on the charge of sending obscene matter through the mails and improper use of the mails, and pleaded not guilty. He will be tried later in the month. Sometime he is held in jail. Mrs. Levy will probably be arrested and tried at the same time. How extensive this man's operations have been is not yet known, but his case is being carefully looked into by the officers, and developments are expected. Those who run the low dance halls in the mining camps of California and Arizona, and their usually women, are constantly in need of fresh material. The miners demand new faces to keep business, and to fill the homes of those who die or who take their own lives to get away from the place in which they live, there is a constantly increasing demand for young girls. Certain employment agencies in this city make a business of sending young women out into the mining camps to the various kinds of vice located there.

The girls are lured away from safety which makes the salary earned by the working girl in the city shrink almost to nothing. They are told they are to wait on tables or do stenographic work or anything the camp manager can do, and are to receive fabulous wages for it. Transportation is furnished in such cases, and the girl who goes to the camp is furnished with a dress like the one worn by the women in the place, and is told to drink, smoke or starve. Many of the girls who first reach the camps to which they have been sent, but only a few manage to again come safely, as once inside the place they are all hope is gone for them. They are paid a percentage of the earnings of their stage. The girls who are sent out of this city have been going some years. The police know it and the citizens know it, but there is no law under which the girls can be kept from being sent out. The girls have been sent out a few times, but they have been taken into custody only a short time ago after her father had complained to the police to keep her

OAKLAWN

Pasadena's ideal "Home Park"

Twenty minutes from Sixth and Main streets, Los Angeles.

Five minutes from business center of Pasadena.

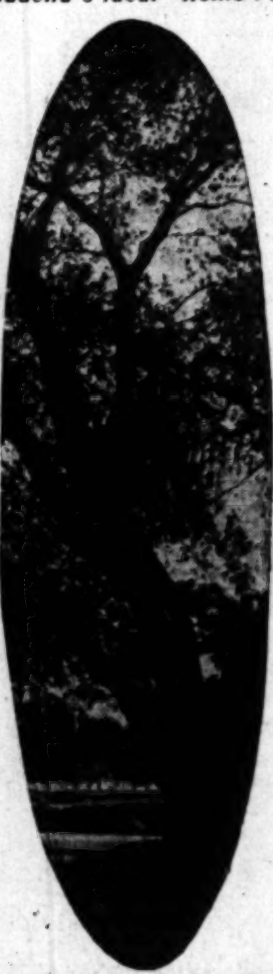

Pacific Electric car service. Tracks pass the park.

Over \$100,000 worth of building improvements in progress.

More scenic and architectural features than any subdivision on the market.

Finest street and landscape improvements in the Southwest.

Ramond hotel and several noted palatial homes just a few feet from Oaklawn.

WOODED GLEN AT OAKLAWN

Artistic bridge under construction—will span an Oaklawn glen.

The low prices of lots will more than surprise you.

Visit Oaklawn today and tomorrow—you'll see the most distinctive property in Los Angeles county.

Every lot commands an "indestructible" mountain and valley view.

Oaklawn is in a class by itself—it is impressively characteristic—it appeals to those who want something different in "home property."

An investment in this limited type of realty will bring more than an ordinary reward.

All Pasadena cars—look for the big sign.

from going to the mining camp for which she was headed. The Federal authorities have found a law, however, and intend to do their share toward stopping the practice.

Chamberlain's Cough Remedy is Pleasant to Take. The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take, which is quite an item when giving it to children. The absence of all narcotics makes this remedy the safest and best that can be procured.—Adv.

GREED RUINS ART. Italian Consul at Chicago Deplores Commercialism and Love of Gold.

That the manhood and womanhood of America is suffering untold injury because the women of the country have gone into working fields heretofore occupied by the masculine sex is the opinion of N. Salopoulou, the Greek consul in Chicago, says the Chicago Chronicle.

Mr. Salopoulou says that the women are becoming unwomanlike and the men harsh and unfeeling as a result. "This chase after the dollar by both sexes unless it is stopped will mean the

artistic ruin of America," said the consul. Everything over here goes at a double rate of speed and the goal is always the same—the dollar. I have been in this country six years and it has been the same ever since my arrival.

"America may be the greatest commercial country in the world, but there will come a time when commercialism will not satisfy the people. They will then, too late, attempt art and find that the dollar has crowded that part of their nature out."

"Americans now have no artistic taste. They wish to appear artistic in some instances, but the attempt is a melancholy farce. Go to some art gallery and see the things that they admire unless it is stopped will mean the

place in a picture for a statue are all the same to them. "Afraid to discriminate and say what really appeals to them, they praise everything in sight. Perhaps this condition is true of the woman in a greater degree than of the man of America. The woman does have a little respite from dollar-making."

"The cities of America are certainly the most unartistic in the world. Unceasing tides of traffic pouring along streets that are so noisy that it gives one the headache to walk along them, buildings that shoot skyward in helter-skelter array until they make the artistic eye sick to see them—these are the unartistic results of a system of goldhunting the hurtful effects of which are unmeasurable."

MEN ARE CURED

SEVENTEEN years of unequalled success as a specialist in men's diseases every claim we make. We promise patients a complete cure in every instance.

Extraordinary Saturday Morning Bargain

50c Lace Lisle Hose 25c

For just two hours' selling Saturday morning we will feature a regular 50c imported all-over lace lisle hose for women; are full fashioned; regular made and Hermsdorf dyed. Also lace ankle hose that are in black only; made with double heels, soles and toes.

On Sale 8:30 to 10:30—Not a Minute After

Lamburger's

127 to 147 N. Main St. Los Angeles
 \$5.00 Taffeta Silk Petticoats at \$3.95
 The actual worth of the material itself by the yard is worth more than the sale price of the garment complete. They are in colors of plain plum, blue, fancy stripe or black; have deep flounce and are finished with self trimmings. An exceptional value at..... \$3.95
 SECOND FLOOR

Stylish New Garments for Womankind

Largest Assortment at the Lowest Prices in the City

You get every penny's worth and more than you expect at this big store, and where others can show you only a few garments of a kind we can show them by the score. Everything new and stylish for spring now here, and will command your patronage.

\$25.00 New Tailored Gowns \$18.50

Of chiffon Panama, in colors rose, gray, lilac, blue or black; made Eton coat style; the coat trimmed with fancy braid and self material; the skirt is circular shape; just look around at the similar garments in other stores and you will find they are priced at \$25.00.

\$15 Fancy Mixed 3-Quarter Coats \$7.95

Gray and black mixtures, made with black velvet collars and patch pockets; very swaggy street garments; stylish and comfortable for the early spring wear in this climate; are in the popular three-quarter length, and nicely tailored throughout. Positively worth \$15.00.

Splendid Covert Jackets at \$6.50

A very jaunty short jacket, in fitted style; all satin lined; trimmed with self strappings; finished with buttons; made of a good quality covert, and reasonably worth \$8.50.

\$10.00 Covert Cloth Jackets \$8.50

Popular new-style covert jacket, in short fitted style; trimmed with narrow self strappings; tailor stitching around collar and are all satin lined; for fit, finish and quality of material cannot be duplicated anywhere under \$10.00.

\$13.50 Covert Cloth Jackets \$10

Of a very fine covert cloth; trimmed with narrow or medium self strappings; finished with tailor stitching; plenty good enough for the best wear, and are made equal to any shown in other stores at \$13.50.

\$7.50 Taffeta Silk Waists \$5.95

We have just 50 silk waists, that we positively say cannot be duplicated in the city under \$7.50, and they will be a special feature Saturday. Are in every wanted color, also white; prettily trimmed with lace insertions, forming yokes; are made in short sleeve style; the collars and cuffs neatly trimmed with lace.

SECOND FLOOR

Splendid Showing and Sale Men's Spring Suits

Garments That Can Not be Told From Those Made to Order by a Tailor

If you are a wage-earner you will appreciate the fact that you can be as well dressed as any business man or banker, yet at not more than half what he would pay to a tailor for a suit made to order. We buy in large quantities from the most reputable factories, and the showing we are now making of spring clothing is greater than that of any other store in Southern California. Our large south show window contains a number of the new models, and you can form a very good idea as to what you would desire. The coats are single or double breasted; also single-breasted square cut with pointed lapels; have deep side vents; permanent creased seams; are in all the new lengths; medium or extra long; every garment strictly hand-tailored; guaranteed to retain its shape, and the materials are fine worsteds, velours and chevrons in grays, tans and fancy mixtures; sizes for stout, slims and regulars—33 to 50—prices ranging

\$12.50, \$15.00, \$17.50, \$20.00 and \$25.00

\$15.00 3-Piece Suits for \$9.45

This is a special purchase of a maker's surplus stock, after his traveling men came in from the road. They are all-wool suits, of cassimeres, chevrons and tweeds, in single or double-breasted styles; full-length coat with deep vents; broad form-fitting shoulders; serge lined, and all seams sewed with silk; sizes range 33 to 42.

\$5.00 Worsted Trousers for \$3.50

A fine worsted pant; neat patterns; light or dark colors; the patterns pin checks and hairline stripes; have French waist bands; best saaten curtains; are good enough for any business wear, and will do nicely for dress wear. They are in all sizes and positively worth \$5.00.

\$15.00 Spring Top Coats for \$9.45

Ultra stylish English top coats, of all-wool covert cloth; serge or silk lined; are in the new lengths, with deep-cut vents; broad form-fitting shoulders; sizes 33 to 40. We know to a certainty that they cannot be matched in any store under \$15.00.

\$1.50 Spring Golf Shirts at \$1.00

75c Cambric Slumber Robes

50c New Madras Pajamas

\$1.25 50c All Silk Neckwear 25c

New \$3.00 HATS For \$2.45

Twenty-fifth year.
